

ALL-ENERGY2011

EXHIBITION & CONFERENCE

RECHARGE The global source for renewable energy news

— producer of the Official Show Daily at All-Energy 2011

The All-Energy Exhibition & Conference is UK's largest event devoted to all forms of clean and renewable energy and is highly relevant to companies actively involved in all areas of the renewable energy industry.

Recharge, the award winning weekly global newspaper for renewables, is proud to be the producer of the Official show dailies at All-Energy 2011 in Aberdeen on 18-19 May. The show dailies offers a mix of local news from the event and the latest exclusive news from around the globe in renewables, keeping all attendees, exhibitors and distinguished guests informed with latest developments in our exciting industry. The dailies will be distributed to all visitors and exhibitors as well as main hotels in the Aberdeen area.

Whether you want to attract people to your stand, build brand awareness, strengthen your company profile, buy or sell goods and services, or recruit professionals, Recharge's daily newspapers will get your message across effectively to both visitors and exhibitors alike.

Don't miss out on this unique advertising opportunity — Recharge will make your All-Energy budget perform!
